General Matters:

a. Canteen Update (Dan Wilson)

- After Healthy Canteen strategy launched last year the canteen will re-run canteen a parent survey in early T2.
- Planning to move away from munch monitor to something built by Spriggy (cloud based) – currently 2 families at Cammeraygal testing the system
- Canteen have committed it will cost no more in admin fees to parents than current system and they would pass on back end savings to parents, specifically items over \$2 (would be 40c cheaper) and items under \$2 (would be 20c cheaper)
- Fee Free for transition term
- Offered Mother’s day breakfast – P&C advised they would continue to manage (*fix language*)

b. Jigsaw Update (Kirsty, Demi, Brittany)

- QK Enroll (my Family Lounge) online platform now in transition and can be used for all absences, bookings, etc
- Online enrolments moving forward which are then sent to Jigsaw as PDF and added to list – clarification wait list remains as was prior to online system
- Vacation Care can be booked from July through the new system
- Can have numerous children at different centres in the system – same email
- Can book casual day waitlist – when someone marks absence notification goes out and first to accept spot gets that
- Current After School Waitlist (currently no Before School Waitlist)
 - 47 Monday
 - 53 Tuesday
 - 53 Wednesday
 - 65 Thursday
 - 10 Friday
- Menu and Program emailed out each week which has seen the children more involved in activities, ipad access has stopped for now and process for T2 to be developed
- Recent Child medical review check complete
- Recent Department of Education Spot Check completed successfully

c. Active Transport (Grant Kepler)

- Plan to reinvigorate Active Transport – move away from walking busses and focus on walking/biking/scooting to school. Looking to have another day to re-launch (similar to last year).
- North Sydney Council would like a report on benefits and feedback on the program
